

## Letter of Support for a purpose built building for St Tudy Pre-school

To whom it may concern

Having heard of your proposal to build a purpose built Pre-school within the village of St Tudy, I am writing to offer my support to your project.

**Please tick one option:**

I approve of your proposal to build  
next to the St Tudy Village Hall.

I support the build but think an alternative  
site should be found.

I support the build and have no preference  
as to its location
